## Observations... From Around Town

(BY JAY WHOZIT)

If you haven't made your donation to the Cancer Drive yet, just remember it's not too late, mail or bring your check in to one of the committee members... yes, Mr. Mayor and Commissioners, we are indeed happy that you have seen the wisdom of putting a clay fill on the beach instead of pumping in sand as you were attempting to do, in order to open it up to traffic, you are now doing a good job as far as temporary use is concerned but let's not stop there, keep plugging to find some way to permanently restore our beach front to its former condition and usefulness, then you will have accomplished something to which you may point with pride, and while on the subject how about doing the same thing from the convent to Union St.—the present arrangement is not very satisfactory.

St. Stanislaus and Bay High Bands are in Jackson this week competing in the State Band Contest in Class CC, our best wishes are with them... a late report is that Stanislaus rated Superior in concert, marching and student conductor... if you want to check on the growth of your town and its business, just read the bank statements in this issue... our condolences to Former Mayor Charles Traub, Sr., and family upon the death this week of Mrs. Traub, Sr. when the bugle sounds for the running of the Kentucky Derby this Saturday afternoon City Attorney and Mrs. Lucien Gex and Mr. and Mrs. Ed Brignac will be somewhere in the crowd of 100,000 expected to witness this greatest of all America's horse-racing events... wish we were with them... Hancock County's share of the state appropriation of \$5,000,000 to counties is \$53,305.40, the money is allocated according to population and area... the City of Bay St. Louis soon should receive its share of the state's appropriation to municipalities, which is also distributed in accordance with population figures... Howard LeTissier and the missus returned from their vacation trip this week looking and feeling finer than ever, after having a swell rest and a grand time... Howard has great plans and is rarin' to go for the Chamber of Commerce, of which he is head man, and here's hoping he gets the fullest cooperation of all the members... by the way, Mayor, this office received several complaints from citizens this week about the drainage from the sewer pipes emptying onto the beach and standing in holes or puddles, until it becomes stagnant... this is both unsanitary and unhealthy and something should be done to relieve this menace to public health... the 250th anniversary of the founding of Biloxi will be observed on April 8th, 1949... Biloxi ranks as one of the oldest cities in the United States... Saturday is the first day of May, which will really be a busy month for the folks of Bay St. Louis, what with May Festivals at several schools, graduation exercises and the consecration of Rev. Leo F. Fahey as bishop, on the 26th of the month, school picnics, etc... more than 500 persons visited the new modern home on Second Street, built by the McDonald Realty Company and furnished by W. A. McDonald & Sons.

## Panel Discussion Will Feature Meeting Of Progress Association

Speakers Invited To Take Part—Officers Elected At Last Meeting—Lewis Henderson, President—Goals of Association Recommended By Board of Directors

A panel discussion on plans of action for a greater Hancock County will feature the meeting of the Hancock County Progress Association, to be held at the courthouse Thursday night, May 6, at 7:30.

Four speakers have been invited to take part in the panel. They are Dr. B. F. Floyd, local physician; Harry Clark, Mississippi Power Co., Gulfport; Charles Moore, certified public accountant, Biloxi; and Leonard Fairley, manager, Roemer's Dairy. Members of the audience will have an opportunity to question members of the panel.

Association officers were elected at the last meeting to serve through June. They are: Lewis Henderson, president; August Rauxet, Jr., vice-president; Harry Stone, secretary; Edward Fayard, treasurer; Jack Fischer, director at large.

A goal of 1,000 members in the association was set at a meeting of the board of directors Monday night.

Dues are \$1.00 per year. Meetings will be held regularly on the first and third Thursday of each month at the courthouse at 7:30 p. m. Other goals of the association which were recommended by the board are as follows: More industries and payrolls; equitable property tax assessments; farmers produce market; public road improvements, adequate drainage system, extension of electric, gas, telephone and water services, development of coastal recreation resources, regular published audits of county and municipalities, adequate hospital facilities, efficiency and economy in county and municipal government every eligible citizen registered and qualified to vote and greater civic pride through community betterment, clean-up drives, and acquainting the people with the county's great future.

### Committee Named To Purge Municipal Poll Books

The Municipal Democratic Executive Committee composed of George Stevenson, Ben Hille and Alvin E. Cox met on April 28th., and appointed a committee of three, to purge the Municipal Poll Books, composed of Ed. Arceneaux, Alvin Genin and Howard LeTissier.

### Benefit Dance For Catahoula Catholic Church

A benefit dance will be given at the Kiln High School on Saturday night, May 1st., 1948 for the benefit of Our Lady of the Pines Catholic Church building fund at Catahoula. Music for the occasion will be furnished by Alton (Red) Necaise and His Hill Billy Boys. The dance will start at 8 p. m.

## Stanislaus Band Rates Superior

The St. Stanislaus Band students who participated in the State Solos and Ensembles Contest which was held in Gulfport last Saturday captured six first place winners out of seven entries.

In the solo contest, the following students were awarded a Superior rating: Cornet, Norbert Carnovale, Larry Scharf; Clarinet, Norman Carnovale; Trombone, Jack Dreshner; Joseph Fasold merited an Excellent rating in the cornet solo contest. The Saxophone Ensemble composed of Norman Carnovale, Dominick White, Marion Wolfe and Clarence Hava received a Superior rating. The Trumpet Trio composed of Joseph Fasold, Norbert Carnovale and Larry Scharf was awarded a Superior rating.

The Stanislaus Band under the direction of Brother Romuald, left Wednesday morning for Jackson to take part in the State Band Contest. The marching contest took place on Wednesday evening on the football field of the Bailey High School, and the band rated superior in this event.

For the Concert Contest on Thursday morning the band played as their warm up number "The Spirit of Ole Miss," a composition by its Band Director Brother Romuald; for its required number "Rustacon"; its selected number "Mountain Majesty" and for its Student Conductor number "Monte Cristo." The Band received Superior rating in concert and Superior Rating for Student Conductor.

### Many Visitors See Modern House of McDonald Realty Company

"The Modern House" recently completed by the McDonald Realty Company on Second Street was open for inspection on Friday, Saturday and Sunday, 480 people registered and were shown through the house by Mrs. C. C. McDonald and Mrs. David McDonald.

The house is indeed a home and has every modern convenience with two bedrooms, kitchen, dining room, and as you descend the steps to the ground floor you walk into an ultra attractive living room. The house is furnished throughout with furniture from the McDonald furniture store.

## Bishop Elect Leo F. Fahey Will Be Consecrated In Local Church May 26th

Most Rev. Richard O. Gerow will be Consecrator, with Most Rev. Leo Binz and Most Rev. L. Abel Caillouet As Co-Consecrators—Dispensation Granted So That Ceremonies May Be Held Here

Most Reverend Bishop Elect Leo F. Fahey, was a visitor to Bay St. Louis on Monday of last week, consulting with the Right Reverend Monsignor Andrew J. Gmelch, Pastor of Our Lady of the Gulf church, preparatory to his consecration as Bishop of Ipsus and Coadjutor Bishop of the Diocese of Baker City, Oregon, which will be held in Bay St. Louis in the Parish Church on Wednesday, May 26th., 1948.

The most Reverend Bishop elect will be consecrated by the Most Reverend Bishop Richard O. Gerow. The co-consecrators will be Most Reverend Leo Binz, Coadjutor Bishop and Apostolic Administrator of the Diocese of Winona, Minnesota, and the Most Reverend L. Abel Caillouet, Auxiliary Bishop of the Archdiocese of New Orleans, Seminary classmates of the Bishop Elect. Dispensations have been granted by the Holy See through the Apostolic Delegate to have the ceremonies conducted on the date chosen and in a Parish Church. Regulations require that the consecration take place on the Feast of an Apostle,

a Sunday or on a feast day, also that it be conducted in a Cathedral or in a consecrated Church. Since May 26th. is not a feast of an Apostle or a feast day, and the ceremonies could not be held on a Sunday because of the Parish Masses, the dispensation was granted.

The consecration has a number of unusual features. Bishop elect Fahey will be consecrated by the same Bishop who ordained him a priest; the ceremony will take place in the same Parish where he was baptized, Confirmed and Ordained, and where he chanted his first Solemn High Mass. It was here also that he served his first assignment as a priest. He has served his entire priestly career under Bishop Gerow who ordained him, assigned him to his first Pastorate and will now consecrate him. He was the first priest ordained by Bishop Gerow and will be the first Bishop consecrated by him.

May 26th. will be a big day in Bay St. Louis and the Parish of Our Lady of the Gulf. There will probably be over 200 visiting priests and church dignitaries here for the consecration ceremonies.

## CANDIDATE FOR MAYOR

JOHN A. SCAFIDE

The Sea Coast Echo is authorized to announce the candidacy of John A. Scafide for the office of Mayor of the City of Bay St. Louis, subject to the action of the Democratic Primary Election to be held for the nomination of Mayor and City Commissioners of the City of Bay St. Louis, on July 10th, 1948.

To the Qualified Voters of the City of Bay St. Louis:

Please accept this as my official announcement as a candidate for Mayor of the City of Bay St. Louis. During the past sixteen years our city, under the leadership of our present mayor, has been hopelessly digging itself into a mire of high taxation and huge indebtedness, with a net result of ZERO on the progress side of the ledger. If, after sixteen years of effort, there has been little or no progress in proportion to the amount of expenditures and indebtedness and high rate of taxation, certainly we should realize the dire necessity of a change.

The first and foremost problem that any future administration will be confronted with will be to put our city on a sound financial basis. This is not an impossible nor too difficult task. However, it cannot be accomplished within a week or two by the simple waving of a magic wand; it will require honest, capable and intelligent leadership, fortified with initiative, forcefulness and diplomacy. A FAIR AND MORE EQUITABLE DISTRIBUTION OF OUR TAX BURDEN MUST BE PLACED INTO EFFECT. Certainly in our democratic way of life every taxpayer, not only realizes the necessity, but feels it his duty, to pay his JUST share of our city's taxes. With such a distribution, the burden for all will be lessened; the soundness of every property and home owner's investment will be strengthened; prospective home buyers will be encouraged, rather than scared off to other communities; it will provide an incentive for present home owners to improve and beautify their property. What an inducement we would have for the many people who are looking for just such a town as ours to settle in, if we could but add to our long list of natural advantages, the simple words "low to moderate taxation."

With our city definitely started on the road to financial recovery, we can look forward to a period of reconstruction. The drainage situation in many parts of our community is in a most deplorable state. During the past years little or no effort has been made to correct these conditions. Even our mayor should realize the serious health problems which confronts those people whose sections have been so grossly neglected. In some instances, property owners have been forced to spend large sums to solve their own drainage problem. Hard surfaced streets are a great asset to any city when adequate drainage is provided; but may be a liability when built with complete disregard for the necessity of proper drainage. Isn't it possible that much of this so called "paving" program was a vote getting scheme? I predict another eleven hour attempt by our mayor to "pave his way into the hearts of many voters," by embarking upon a hard surfacing spree in the very near future. It is just possible that after construction is begun, he will promise to "pave" all the rest of the unpaved streets in Bay St. Louis. Some time ago the city was given some 700 barrels of asphalt and about 13,000 feet of 6 inch pipe by the Federal Government. This material was given free of charge to help relieve our severe storm losses. The asphalt is still here but the pipe has been carted away. The why and wherefore remains a dark secret to the citizens of Bay St. Louis. Perhaps the

Federal Government did not specify that the asphalt be used to repair or replace storm damaged roads, but before it is used for hard surfacing undamaged roads, we should be assured that an equal amount of material will be available, when and if the city is faced with the problem of repairing and replacing roadway that was destroyed or damaged by the storm. What happened to the pipe, I don't know yet.

Our city at present has a total assessed valuation of \$3,077,996.00, with a levy of 43 1/2 mills. Our tax collections approximate 100%, which gives us an estimated tax income of \$133,123.441. The 14 mill Mestead Exemption does not affect the above figure one iota. The city is reimbursed by the State for every penny of it. All of the reimbursements that the city receives from the State for Homestead Exemptions, goes into the City School Fund.

One of the most vital factors in the progress and development of any community, is the maintenance of a City School System that will compare favorably with any in the State, so far as Teacher qualifications and facilities are concerned. In order to attain this goal, we must improve our teacher salary scale so that our more capable and experienced teachers will not be lured away to other schools, by offers of more pay. How much interest has our present mayor shown in cooperating with our School Board and school heads in bettering our school system?

Bay St. Louis is most urgently in need of a mayor who is interested in developing and building our city, rather than one who is seeking the office for old age security or for furthering his own personal interests. What the next four years will be like, we cannot foresee, but certainly we should be prepared for any eventuality. Young, honest and vigorous leadership will be an asset, come what may. I am utterly confident that I can measure up to all the qualifications necessary to give Bay St. Louis the type of leadership it so urgently needs. If elected, I pledge myself to devote my FULL TIME to the duties of my office and to cooperate wholeheartedly with all of our civic organizations, business leaders, taxpayers and workers, to make Bay St. Louis a better and more prosperous place to live in.

Sincerely yours,  
JOHN A. SCAFIDE

### Funeral Services For Mrs. Charles Traub, Sr. Held in New Orleans

Mrs. Charles Traub, Sr., died at her home here on Monday morning at 4:15 o'clock following a long illness. The body was taken to New Orleans and the funeral was held from the P. J. McMahon and Sons Funeral Home, 4800 Canal Street on Tuesday, April 27 at 4 P. M. with religious services at St. Anthony Catholic Church, with interment in St. Louis Cemetery No. 2.

Mrs. Traub, the former Annie Cora Dagorret was a native of New Orleans and had lived in Bay St. Louis for the past 26 years. She was 63 years of age and was a member of the Catholic Church. She was a member of the United Spanish War Veterans Auxiliary. She was a good mother and wife and will be missed. Her son Charles Traub, Jr., and her daughter Mrs. Chris Reab preceded her to the grave and these sorrows she bore with great fortitude.

Surviving are her husband, Charles Traub, former mayor of Bay St. Louis, a son Warren Traub and her grandchildren Charles Traub, III, Yvonne, Mary, Edith Ann and Warren E. Traub II.

## Leo W. Seal Welcomes La. Bankers

Leo W. Seal, President of the Hancock Bank delivered the address of welcome to the Louisiana Bankers Association, Monday, April 26th, at the opening of their convention at the Buena Vista Hotel, Biloxi, Mississippi.

Many favorable comments were made by the visitors following Mr. Seal's address, which we are quoting in full:

"It is with a profound sense of honor and satisfaction that I am privileged to welcome you this morning. In holding your convention here the Gulf Coast and the entire State of Mississippi is honored."

This gives us an opportunity to show our appreciation for the many favorable attentions you have given us when we were your guests. Some of our most pleasant memories are of the wonderful hospitality you have always shown us on every occasion. And, too, some of our dearest friends are among you Louisiana Bankers.

The last time you held your convention in our midst, was the first one held after the cessation of hostilities of World War II. At that time it was our belief that we could soon turn our thoughts and give our time to more normal activities with the expectation that our energies and thinking would speedily repair the tragedies and heal the wounds of the conflict and bring our country back to normal. The accomplishment of our aims, has been somewhat disappointing if we are to rely upon the reports coming out of our national capital and other world centers. War clouds are dark and heavy, so we are led to believe, hang low and threatening over the world. Faintly, in the distance, we hear the rumbling of drums and strains of martial music. Let us fervently pray and ardently hope that we may be spared the awful horrors and the terrible miseries of another war for at least a century if not forever.

Whether we like it or not, the past fifteen years of the present administration in Washington has brought a profound change in our governmental structure and in the relationship between the individual and the government.

There are many in power; and others abroad in the land advocating and proclaiming that our way into existence was all wrong and that the government must take care of the common man. We should and must educate our youths to the facts and bring to the attention of every loyal patriotic American who is interested in the preservation of this great nation, why with only 6% of the world's land area and 7% of the world's population the United States has been able to create more new wealth than all the rest of the people on earth put together.

The people in the United States possess:

- 85% of the world's automobiles
- 60% of the life insurance policies
- 54% of the telephones
- 48% of the radio sets
- 46% of the electric power capacity
- 35% of the world's railway mileage
- 30% of the improved highways
- 92% of the modern bathtubs.

There are more churches, more schools, more libraries, more hospitals and more recreational facilities in our nation. Americans consume 75% of the world's silk supply, 60% of its rubber and 50% of its coffee before the war.

The wealth of the people has been more widely distributed in our country than anywhere else on earth. It has been asked what is the secret of this wonderful success and how have we accomplished so much in the short time we have occupied this continent.

Our formula has never been a secret. We have emphasized the dignity and the freedom of the individual and have encouraged him and her and provided the opportunity. Men and money put to work have made America. Men a wo-

The funeral of Seaman First Class Lawrence P. "Jack" Van Court, United States Navy was held from the Fahey Funeral Home on Wednesday afternoon at three p. m. with Rev. Father Michael Fox, conducting the religious service. Interment was in Cedar Rest Cemetery.

Young Van Court was killed in the service of his country aboard ship in the Caribbean Sea on August 29, 1945. He was 19 years of age. His body reached here Friday afternoon at 2:15 p. m. from the Memphis Distribution Center.

He is survived by his parents George E. Van Court and Della Carver Van Court of Bay St. Louis; four brothers Lloyd V. Van Court of Brooklyn, New York; Leroy, James and Milton Van Court of New Orleans; Norman E. Van Court, U. S. Marines at sea; one sister Mrs. J. W. Britt of Colerain, North Carolina. He is also survived by three nieces and two nephews.

Seaman Van Court was buried with full military honors. Active pallbearers were Andy Becker, Fred Fayard, Sr., Gerald Price, Anthony Buzza, William Carver and Adolph Shubert, Jr.

Acting as funeral escorts were the American Legion Firing Squad and Buglers. They were Joseph Colson, Post Commander; Henry Capdepone, Firing Squad Commander, Warren Carver, Clarence Schindler, Osmond Blaize, Horace Ruhr, Warren Buehler, Robert Givens, Lucas Pecheu, Wilson Weber, Clairborne Ladner, Bert Estapa, Buglers were Malcolm Suzeneau, and W. C. Banderet.

Chief Petty Officer, U. S. Navy, Charles Rhyme accompanied the body here and at the grave he presented the flag to the dead sailor's mother.

His body was the second war dead to be sent here for interment in his native soil.

### Womans Missionary Society Met Tuesday

The Womans Missionary Society held the Circle meeting on Tuesday at the home of Mrs. John T. Dearing with a large attendance. The subject for study was "The Expansion of God's Kingdom" and was discussed by Mrs. David Middleton, Mrs. Harry Sumrall, Mrs. Wilson Weber and Mrs. J. J. Losh, talking respectively on Three Races See the Gospel; Winning Years Ahead; Three Races See Gospel's Power; and Fellowship with Missionaries. Mrs. Cora Berenger gave the Devotional and Mrs. M. L. Hill gave the closing prayer.

Mrs. Dearing served an ice course and a social hour was enjoyed.

men have been free here to give full expression to their energy, their vision and their genius. Production and thrift redeemed a wilderness and formed an empire.

It is not the American system that is on trial. It has proved itself. And wherever freedom, frugality and industry go hand-in-hand, prosperity and happiness always follow. We must never lose faith in the power of the individual.

Would it not be wise for us to dedicate ourselves to an all out effort to inculcate in the hearts and minds of those who rightfully expect our leadership that they must cherish what we still believe is the dream of America—and that is, to have an abiding faith in the individual's right and ability to take part in the shaping and working out his own and his country's future. Never have we needed more than we need today the tried and proven, good old American fundamentals. With a staggering national debt we need economy in government. With the threat of inflation we need increased production. And in our plans for the future we need more thrift.

Leadership is needed as never before, and every active banker is a leader or a potential leader. I do not mean national or state leaders only, but community leaders. There is not anything in the bounds of reason that cannot be accomplished if the bankers set their hearts to it and apply themselves to achieve it. This may seem an unusual welcome address however these are unusual times. All of us welcome you from the depths of our hearts and hope that your visit will be pleasant and most successful in every way. It is our sincerest desire that you know and feel that the latch string is on the outside and is ever there for you our good friends. Again we welcome you."

## Sharp-Tudury Wedding Held Last Sunday

A small wedding but claiming general interest was that of Miss Irma Tudury, daughter of Mr. and Mrs. Henry Tudury and Mr. Sterling B. Sharp, Jr., son of Mr. and Mrs. Sharp of this City who were married at the Catholic Rectory on Sunday afternoon, April 25th, the Right Reverend Monsignor A. J. Gmelch, performing the ceremony. The bride was becomingly attired in a white spring suit, with a pink flower hat. She wore an orchid corsage. She had as her only attendant her sister Evelyn Tudury who wore a Navy blue suit. Mr. Sharp had as his best man Robert Johnson, Jr.

Following the ceremony a reception was held at the home of the bride's parents in Ballentine St.

The house was decorated in pink roses and other spring flowers and the bride's lace covered table held the three tiered wedding cake which was surrounded by sprays of pink roses. Here the bride cut the cake.

For travelling the bride wore a suit of Navy blue, with a matching hat and Navy accessories.

After a wedding trip the couple will be at home in Mobile.

The bride is a graduate of St. Joseph Academy and has been operator for the Western Union Telegraph Company since her graduation.

## SENIORS OF S. J. A. ENTERTAINED

On Tuesday evening, April 27th, the young ladies of the S. J. A. Senior Class motored to the Welcome Inn, where they were received by Misses Doris Curcio, Labouria Bourgeois, Joan Elliott and Shirley Turcotte. The ladies and cohostesses of the evening.

A banquet table had been prepared for the nineteen members of the class. The centerpiece was a large cake, representing an open volume with tiny captions artistically arranged around it. The cake decorated in green and white icing read "Congratulations S. J. A. Class '48." Candelabra held white and green lighted candles. From the individual places, green ribbon streamers extended in sunburst fashion to the center, where each held the silver charm gift.

Fancy green paper baskets filled with mints served as place cards and a vision of loveliness prevailed in the soft candle light. A smaller table was arranged to seat the mothers and chaperones of the hostesses. Those attending were Misses Shirley Turcotte, Doris Curcio, Labouria Bourgeois, Joan Elliott, Thelma Namias, Kay Ford, Gwen Hartman, Delores Schick, Gaynel

## S. J. A. Parents Club Entertains Veterans

On Tuesday, April 27th the members of St. Joseph Academy Parents Club entertained 29 veterans from the Gulfport Veterans Hospital at the home of Mrs. W. A. Prewitt in de Montluzin Avenue. Ice cream, cakes and ginger ale was served.

These gentlemen enjoyed the spacious grounds. They also enjoyed and appreciated the kind response of Mrs. A. Palmisano, who played every request, from the oldest tune to some of the modern songs, on the piano. These outings are made possible each month, by one of the local organizations for the veterans of World Wars I and II and are a part of American Red Cross Service to Camps and Hospitals.

Guests: Virgil Dick, Joel Quintini, Carol Spence, Violet Capdepon, Gloria Martin, Alice Bernard, Joyce Banker, Norma Collins, Jane Blair, Ann Ringsdorf. The chaperones were Mrs. Angelina Morreale, Mrs. Walter Turcotte, Miss Cecile Turcotte, Mrs. Randolph Bourgeois, Mrs. John Curtis, Miss Louise Armstrong, Mrs. L. S. Elliott. The evening was climaxed with the party attending the show.

## ORTTE THEATRE WED. - THURSDAY "THE LOST MOMENT"

Sunsan Hayward, Robert Cummings

Combining romance with mystery and suspense, Walter Wanger's "The Lost Moment," the first of the Henry James novels to be brought to the screen, will open at the Ortte Theatre, Wednesday and Thursday. Co-starring Robert Cummings and Susan Hayward, "The Lost Moment" was adapted from the James' novel, "The Aspern Papers" by Leonardo Bercovici.

Robert Cummings plays the role of a young American publisher. Susan Hayward fresh from her screen triumph as the feminine dipsomaniac in "Smash-Up" has the role of Tina who lives with her great aunt in a huge eerie old house in Venice, Italy. Agnes Moorehead is the 103 year old great aunt; Eduardo Cinnelli is the priest Father Rinaldo; and John Archer appears as the doublecrossing friend of the publisher.

The story concerns the efforts of the young publisher to wrest some famous love letter from the custody of Tina and Juliana. The letters are worth a fortune if he can obtain and publish them. Moving into the big house as a lodger, under an assumed name, Lewis Venable, the publisher discovers Tina to be a "Jekyll and Hyde" type of character. Torn between his love for the girl and accomplishing his mission, makes for some exciting and romantic screen fare.

Among other supporting players are Joan Loring, Frank Puglia, Minerva Urecal and William Edmunds.

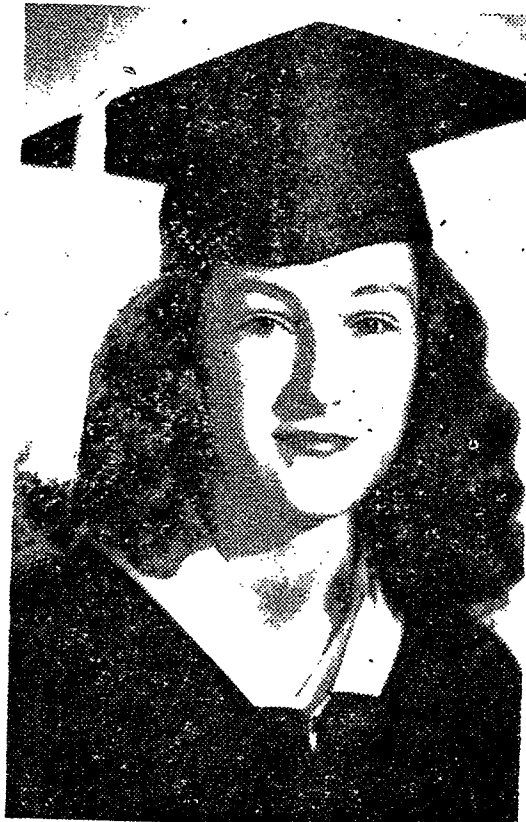

Directed by Martin Gabel, the film is a Universal-International release.

## SALUTATORIAN

CONRAD MAUFFRAY of Fenton, was Salutatorian of 1948 graduating class of the Kiln High School. He is the son of Mr. and Mrs. Claude Mauffray, and he received his entire education at the Kiln Consolidated school with the exception of a summer's work at Bay High.

## VALEDICTORIAN

JAUNITA LOVELESS of the Catapahula Community was the valedictorian of the 1948 graduating class of Kiln High School. Miss Loveless is the daughter of Mr. and Mrs. P. A. Loveless. She attended grammar school at Picaune and Catapahula and attended Kiln High for four years of High School.

Three Mighty  
Important Ideas

Maybe you read, where a great encyclopedia has sorted all basic ideas into a few select groups. Under the letter "T" they have:

Temperance-Truth-Tyranny. Sounds like a funny combination. And to philosophize a little, notice that Truth is in the center—between Tyranny and Temperance.

Now and then you hear folks criticize temperate people who enjoy a moderate glass of beer... who talk about "two beers" getting some one into trouble, and claim: "There ought to be a law!"

Then Truth steps in between, and points out that two beers never got anybody into trouble—and that somebody's trying to distort the facts. No, there shouldn't be a law—there should be Truth.

From where I sit, those ideas are arranged just right. Temperance on one side, Tyranny on the other—and Truth in the middle—seeing that Tyranny never encroaches upon Temperance.

## Bumara - Richardson Nuptials Held In New York

A wedding of interest to many along the Gulf Coast was that of Catherine Rose Richardson of Bay St. Louis and Mario Paul Bumara of Brooklyn, N. Y., which took place Saturday morning, April 10, 1948 at the Sacred Hearts St. Stephens Church in Brooklyn, N. Y. which was solemnized at a High Nuptial Mass. The bride wore a dress of heavy white satin, basque waist with long sleeves and a yoke of silk netting, full skirt and long train. A beaded tiara held the finger tip veil of illusion, scalloped in matching satin. She carried a mother of pearl prayer book upon which lay a white orchid and streamers of ribbon and orange blossoms, and a pearl rosary. Her only ornament being a double strand of pearls. Upon leaving the church Mrs. Bumara exchanged the light wool suit of ashes of roses with black accessories. The maid of honor, Miss Mary Cantatore of Elmhurst, Long Island, wore a dress of Nile green net and she carried an old fashioned bouquet of white calla lilies. The groom wore a tuxedo of black and white. He carried a white boutonniere. The happy young couple left for parts unknown. Mrs. Bumara wearing a light wool suit of ashes of roses with black accessories. Mrs. Bumara is the daughter of Mr. and Mrs. E. B. Richardson of Bay St. Louis and a graduate of St. Joseph Academy. Her many friends wish her much happiness.

## Logtown Baptist Church Observed "Youth Week"

Under the leadership of their teachers the young people of the Logtown Baptist Church observed "Youth Week" last week. This being the first time this very interesting and most helpful program has been observed in this church, we felt very pleased at the good response of the young people, in attempting to carry out the suggestions of their leader, Mrs. Eldora Summers, and many of them made plans themselves which showed their interest.

They had charge of mid-week prayer meeting and the Worship services of the Sunday School, each of these services being well planned programs, with objectives. Some of the members did extensive visiting and a committee wrote

cards inviting people to the services for Sunday. This resulted in an increased attendance.

The outstanding person working was Helen Moran, who was the only person who was 100% in doing the objectives. Besides she led the prayer meeting on Wednesday night, and helped with other plans.

The mothers cooperated and a fellowship lunch, picnic style, was enjoyed after Worship Service on Sunday, at which the visiting Minister and his wife, Brother and Mrs. Loyd Berkhauser, were guests.

These special observances help our young people to do better work and have more joy in the Lord's service.

**"To Prevent WASTE"**

**MISSISSIPPI**  
Now has a sound, modern Oil and Gas Conservation Law

Mississippi's new oil and gas industry, operating since its beginning under an antiquated set of statutes, can now look forward to a new era of development and progress, ushered in by the passage of a sound, modern conservation law.

Provisions of the new law fulfill all the basic requirements of sound conservation. Every means has been exercised to prevent the waste of Mississippi's valuable oil and gas resources; to protect the rights of the royalty and land owner, to further stimulate the growth and development of the industry and to benefit every man, woman and child in the State. Every effort was made to capitalize on the experiences and mistakes of other oil and gas states. It is a law which the 1948 State Legislature can be proud of; one which, this Association feels time will prove, will greatly aid the continued, rapid expansion of this new Mississippi industry.

Enactment of this modern conservation law marks an outstanding milestone in Mississippi's forward march of progress and prosperity—because what helps the sound development of the State's oil and gas resources, helps Mississippi and all Mississippians.

This is one of a series of informative messages published in the public interest. Your comments or questions are welcomed.

HOW SOUTHERN INDUSTRIES PUT NATURE'S RESOURCES TO USE FOR THE BENEFIT OF MANKIND

Everybody LIVES IN GLASS HOUSES...

Glass is so closely linked with everyday living that you can't imagine doing without it. No, and there is no more vivid example of Nature's resources put to work for mankind than in glass. Sand, lime and soda by themselves have little value, and their uses are relatively few. But when they are united in the form of usable glass products they take on new importance.

So it is with natural gas, too. This great natural resource would be worthless if left in the ground. It is only when companies like United Gas move it to market—make it available for use—that it is given value. This is practical conservation... putting Nature's resources to work. Efficient, low-cost natural gas sparks industrial development, creates new jobs, benefits all the families in the South.

## GLASS INDUSTRY

Southern natural resources, Southern labor, and Southern capital. These are the factors in the success of the glass industry in the South. This is Free Enterprise at work—providing good jobs for Southern people, spending large sums of money with local suppliers of materials and equipment, and paying important tax money to the support of state and local governments. The glass industry deserves your support for its efforts to build a more prosperous Southern economy.

## MANAGING THE SMALL FOREST

By Roland Weston  
There never was a better time to make a small forest pay. Timber is scarce almost everywhere in the world. Wood products bring good prices. And really good lumber from large, straight, clear logs will always command a market. Investing some time and care, owners of small forests can earn cash and at the same time put their timber in condition to return frequent profits in the future.

For instance, a Burke County, N. C. farmer has paid off on his farm 3 years ahead of time with money from his timber. With the help of a farm forester, he marked old trees—near the end of their growth—or cutting. Then, when his son came back from the Army, they harvested and sold marked pine and hardwood trees. Young, fast-growing trees remain for future cash crops.

The 4,200,000 men and women farmers and city dwellers, who own small forests may be surprised to learn that they control 57 percent of all the privately owned forests. Even in the West more than half of the privately owned forest is in small holdings. All together, these forests include 261,000,000 acres, about evenly divided between farmers and non-farmers.

Although the term "small forests" applies to all tracts under 5,000 acres, only a few come anywhere near that size. The average is 62 acres. Seventy percent are smaller than 50 acres, 96 percent smaller than 100 acres, 98 percent smaller than 500 acres.

Our woodlands are a great responsibility. Besides providing lumber and other wood products, forests build up the soil and improve the climate. They give us a steady supply of water and help prevent floods that gully our fields and wash our valuable topsoil away. Nevertheless, we have abused them for the past 90 years, probably because we thought that they were so big they would last forever. Now they must be rebuilt, for without them the United States can hardly live as a prosperous, healthy nation.

In this rebuilding, small forests are of first importance, partly because they make up so much of our very best forest land. The other reason is that they unfortunately have been used worse than any other part of our forest land. In 1945, for example, 71 percent of the small owners cut their trees in such a way that the cut-over land had no timber values left, or almost none, and either could not grow a new forest at all or could do so only with difficulty. Only 4 percent cut wisely, leaving their forests able not only to grow but to improve. Farm woodlands seem to be in the worst shape of all. Farmers own about a third of our commercial forest area but these lands produce only about one-seventh of the Nation's saw timber.

The first person to benefit from

a well-managed forest is its owner. The timber it yields will help and give work to many people, but first of all it will put cash in its owner's pocket or at least save him from having to buy fuel and lumber. It will save his land from erosion and will conserve the water he uses. It will bring him profits from land that might otherwise be almost worthless.

Congress has set aside money to help the States provide owners of small forests with fire protection. Seedlings for planting, and advice on forest management. Now an owner, whether or not he is a farmer, can obtain professional advice and where available, technical assistance by consulting with his soil conservation district supervisor, by writing or phoning his State forester at the State Capitol, or State extension forester at the State Agricultural College. His county agricultural agent also will know where to secure help. So will any officer of the Forest Service or Soil Conservation Service who may be nearby. A forester's assistance is valuable, for he may double the return from woodlands by advising owners on what to cut.

If he is available the local forester, will visit the owner's woodland and give on-the-spot advice for managing it. Generally this advice will be free, but the forester expects the owner to follow his suggestions. In a sense this is the owner's way of carrying his share of the responsibility. When the owner can pay for technical service, or if he has a large tract, or cannot do the work himself, he will be encouraged to hire a private consulting forester, who is paid a fee.

A final word—this is a series of articles, that will give you sound general advice on managing your small forest for the most profit. Not all of it applies to your land, but you read you will be able to tell roughly what parts do. Then, under the guidance and advice of the local forester, you can carry out the ideas that will benefit you.

## Miss Mittie Lee Entertains Kilm Seniors

Miss Mittie Lee of the Leetown community entertained at a dinner honoring her niece, Miss Yvonne Lee, the members of the senior class of Kilm High School and their sponsor, Mrs. Norton Haas.

A delicious dinner, served family style consisted of most any kind of meat, vegetable, salad, and pie one could wish for.

After dinner the seniors were joined by other young people from the Leetown community. A big fire was built in the yard of Mr. and Mrs. Culbert Lee, parents of Yvonne. Numerous games were played. Later in the evening Mrs. Lee served ice cream and cake to about forty boys and girls.

True Leetown hospitality was shown at this gathering and the seniors of Kilm expressed the desire to go back.

## Farmers Urged To Make Reports On Winter Cover Crops

Farmers are urged to make their performance reports on the winter cover crops that they seeded last fall by May 15, 1948.

This report is made by filling in the lower half of the prior approval form, signing and returning it to the P. M. A. office at Bay St. Louis. The prior approval form was issued and given or mailed to farmers at the time they requested assistance on these crops.

Farmers who have lost or misplaced this form can make their report by calling at the P. M. A. office. Farmers should see that these reports are in by the closing date set by the State P. M. A. office which is May 15th because after that date the regulations require that the assistance be cancelled for all cover crops on which performance has not been reported.

"NITRO" SAYS—

A WAY TO INCREASE  
YOUR FARM INCOME

up to 50%

As a progressive farmer, you know that proper soil management — through the use of low-cost, high-yielding nitrogen fertilizer — increases crop productivity and boosts your farm income. Successful experiments show that you can increase your farm income up to 50%!!

But nitrogen fertilizer is not now being produced in sufficient quantities to assure you and other Mississippi farmers an adequate supply for your needs. Experts agree that this shortage will continue for at least another ten years, unless additional production facilities are provided.

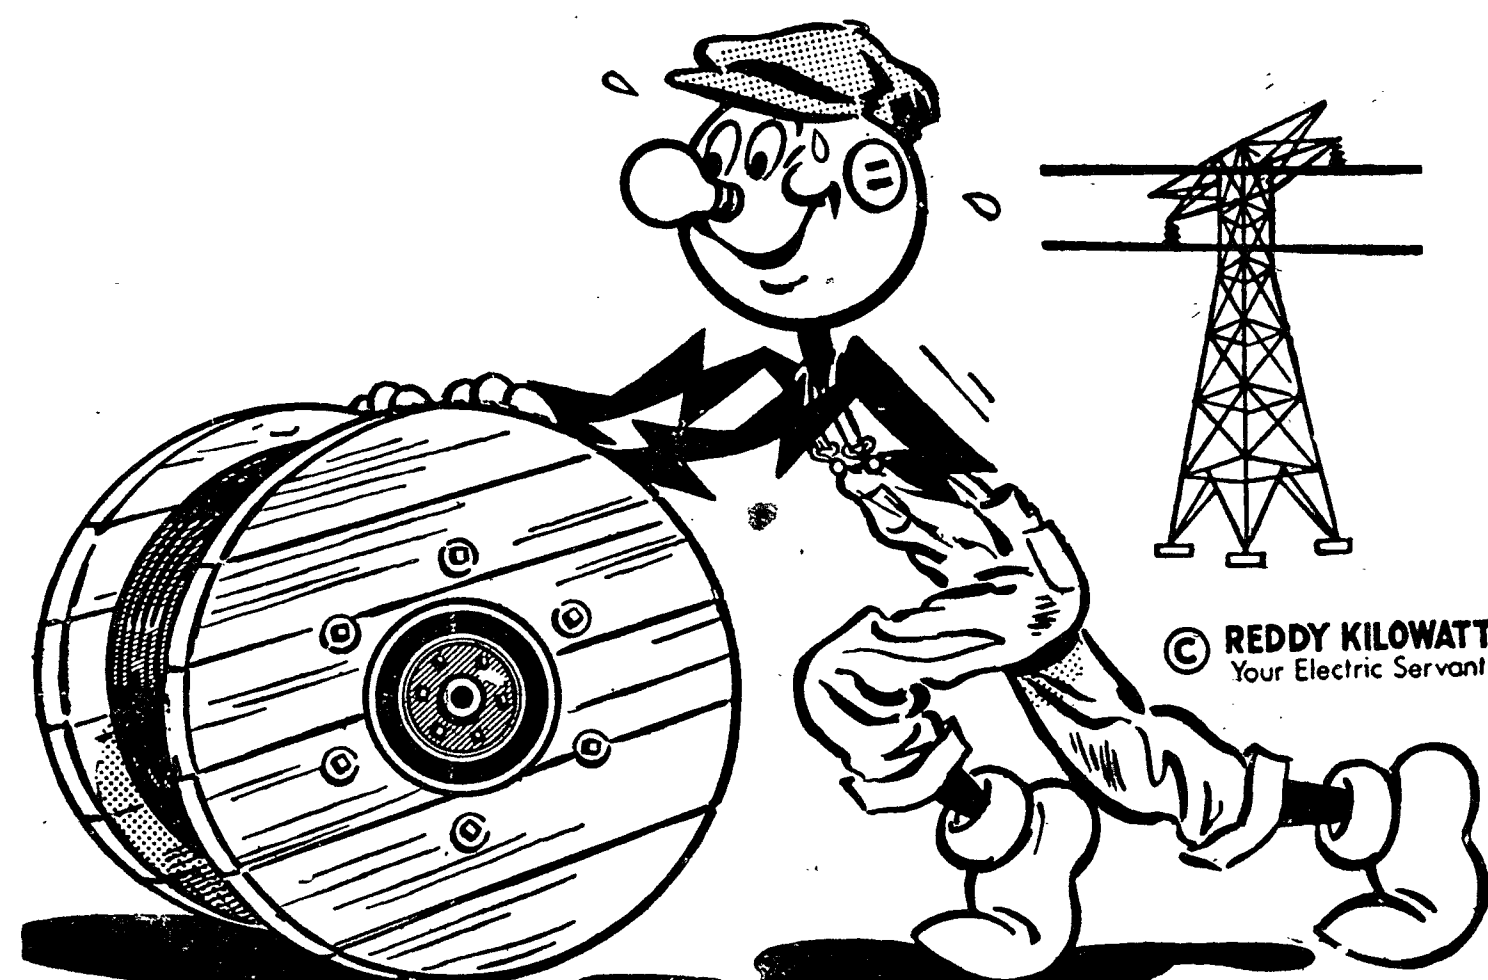

Plans have been laid for the construction of a large nitrogen plant in Mississippi that will produce 40,000 tons of available nitrogen each year.

Learn how you can obtain your share of the nitrogen produced at this plant by attending one of the discussion meetings planned for your county or community. Watch your newspapers — listen to your radio station for the time and place of this important meeting. Don't miss this opportunity to get all the facts about how you can obtain enough nitrogen fertilizer to boost your farm income up to 50%!!

## POWER --- Life Blood of an Area!

Power to light your home, your farm, your business—power to operate your electric appliances—power to furnish you up-to-the-minute news and entertainment—power whose one reason for existence is service to the public. Electric power is truly the life blood of an area.

Mississippi Power Company's transmission and distribution lines criss cross Southeast Mississippi and from its great new generating station—Plant Eaton, and other sources, a huge supply of electric power flows into the area. The company is at present in the midst of the greatest construction program in its history to assure an expanded and improved service and a great increase in its generating facilities.

The efficiency and economy of your electric service is not an accident. It is the result of hard work and careful planning by people who have been in this business for decades.

We pledge continued effort in helping build a constantly increasing standard of living in the area we serve.

## ORTTE THEATRE SUNDAY - MONDAY "IF WINTER COMES"

A new M-G-M co-starring team of exceptional interest is that of Walter Pidgeon, and Deborah Kerr, to be seen on the Ortte screen in the filmization of A. S. M. Hutchinson's best-seller novel "If Winter Comes."

The new picture marks not only the first teaming of the two stars, but the second appearance of Deborah Kerr in an American film. Her first was opposite Clark Gable in "The Hucksters," another famous best-seller novel.

For Pidgeon, "If Winter Comes,"

—The St. Rose De Lima, 9th, and 10th, grade classes entertained the 11th-12th grade classes at a party Tuesday night in the school auditorium.

With the Eighth Army in Osaka, Japan: Captain Clement J. Hazeur, Jr., son of Mr. and Mrs. Clement J. Hazeur, Sr., of 514 Main Street, Bay St. Louis, Mississippi, has recently been joined overseas by his wife Mrs. Evelyn Hazeur and their daughter Felicie B. Hazeur at beautiful Camp Gifu, Japan, the home of the 24th Infantry.

Capt. Hazeur is Regimental Dentist.

his first picture since "Holiday in Mexico" and "The Secret Heart," provides one of the most challenging roles of his career. He portrays a character now become classic figure to the world of readers of modern classics—Mark Sabre, lonely idealist of the English middle class. Because his interest is an unfortunate girl is misunderstood, he is accused of infidelity and is sued for divorce by his narrow-minded wife, a role played by Angela Lansbury. All but broken by injustices which pile upon him, Sabre eventually finds happiness in the affection of a woman whom he has loved since youth.

For Deborah Kerr the role of Nona Tybur, whose code of honor prevents her from divorcing a man who is incompatible to her, offers another of those screen portrayals which have made her name a synonym for the best in acting on both sides of the Atlantic. Together with "The Hucksters," Miss Kerr recently scored in such British hits

as "Black Narcissus," "The Adventure," and "Vacation from Marriage."

## Veterans' News

The Veterans Administration today relieved its training officers of all responsibility for the direct supervision of 220,000 non-disabled World War II veterans in training under the GI Bill in Texas, Louisiana and Mississippi.

The change will permit VA's training officers to devote more time to the needs of the 30,000 disabled veterans in training under the Vocational Rehabilitation Act (Public Law 15) in the same tri-state area. The law gives VA full responsibility

for the training of these veterans. In suspending supervision of GI Bill trainees by direct contact, VA called on all state approval agencies, schools and training establishments to meet fully their obligations under the Servicemen's Readjustment Act (GI Bill).

VA will look, to an increased extent, to state approving agencies to carry out their obligation to approve only schools and establishments that are fully qualified and equipped to give good courses of instruction and are otherwise satisfactory on the basis of current inspections.

Schools and job establishments are obligated to furnish effective education and training to each veteran they enroll, VA said. The institutions must not keep a veteran in training any longer than his conduct and progress warrant. They must provide VA with reports of

the veterans' attendance and progress.

VA will use these reports, along with spot checks of veterans in GI Bill programs, to safeguard the veterans' rights to adequate training and to prevent possible fraud against the government.

The new supervision policy varies among the different types of training institutions.

No change was made among colleges and universities which already have the responsibility to supervise all veteran-students they enroll.

VA will use periodic conduct and progress reports and spot checks to supervise ex-servicemen and women in other schools and in job-training establishments.

Spot checks will be used in supervising veterans taking institutional on-farm training.

### QUESTIONS AND ANSWERS

Q—I have added total disability income coverage to my 20-payment National Service Life Insurance policy. Does the disability coverage continue after my policy is paid up?

A—Yes, provided you have not

reached the age of 60. You continue to pay the additional premium for disability protection to the end of the 20-year period when it, too, becomes paid up. All disability income protection ceases when the insured reaches age of 60, but payments are continued to those who are totally disabled at the time they reach 60.

Q—I have been discharged from the service for over a year. What is the latest date on which I can enter school or take training under the provisions of Public Law 346 (GI Bill)?

A—You have until July 25, 1951 to start to school or training under the provisions of Public Law 346 (GI Bill), and all schooling or training must be completed by July 25, 1956.

Q—I converted my National Service Life Insurance to 20-payment life. Is it possible to convert this policy once again to a cheaper plan of insurance, such as ordinary life?

A—You may, provided you are able to pass a physical examination, and the effective date of the converted policy is not more than five years ago.

Q—I am the beneficiary of a \$10,000 National Service Life Insurance policy. Are the payments I am receiving subject to taxation?

A—No. The payments of National Service Life Insurance as such are wholly exempt from Federal taxation. Except that they must be included as a part of the estate for Federal estate tax purposes.

### Virginia Seal Named Senior Sister At Stephens College

Columbia, Mo., April 16—Announcement was made this week of the appointment of Miss Virginia E. Seal, of Bay St. Louis, Miss., as a Senior Sister for the 1948-49 school year in Laura Stephens, one of the 25 residence halls on the college campus.

As a member of the Senior Sister Organization, Miss Seal is one of a group of outstanding students who will assist in a program acquainting new students with Stephens traditions before their arrival on the campus.

Senior Sisters are chosen on the basis of outstanding interest, ability, and personality, and continue to aid new students during the opening months of school.

Miss Seal is the daughter of Mr. and Mrs. Leo W. Seal, Bay St. Louis.

## CANDIDATE FOR MAYOR

## WHAT I STAND FOR:

Hello, Folks:

Now that you have taken time to total the taxes you have paid into the City Treasury during the past 15 years, do you know how much money our city collects annually? Well, here it is:

	Amt. of Assessment
1st Ward	\$1,264,930.00
2nd Ward	443,450.00
3rd Ward	394,010.00
4th Ward	395,195.00

Total Assessment	\$2,497,585.00
Real Estate Collection (43 1/2 Mills)	108,644.95
Personal Taxes	12,939.51
Water Rent	22,000.00

Total amount collected, excluding Utilities and Railroad \$143,584.46

Now, folks with this amount of money coming into the City Treasury annually, our city, with the proper administration, could have all streets paved and all streets with underground drains. Even this amount could be exceeded if all property was put on the Assessment Roll. As you know, there are certain places in town that do not appear on the roll at all, and therefore no taxes are collected. May I ask these questions? Why are some not taxed at all? What becomes of the money received from those who are taxed?

Do you know that the city received as of gift from the War Assets Administration around a thousand drums of asphalt after the September Hurricane? Why doesn't the City Administration asphalt one of these streets: Dunbar, St. Charles, deMontluzin, Necaise, Ballentine, Washington, St. Francis, Citizen, or any one that really needs it. Honorable Mayor, now, just before the election, would be a good time to use this asphalt instead of just letting it lie idle.

Remember the election date is July 10th.

Sincerely your independent candidate,

EARL RAMOND.
